## Sample Complaints Filed Against Dynasty Technologies

Dynasty Technologies- 211 - Other for \$170.00 on 08/24/2011

A young man came around our neighborhood selling magazines to help him get to Italy. The name he gave me is JAMES DUREN. He played a good game, similar to a psychic reader, picking up on my interests and finding similarities. I told him we didn't have any money right now because my husband has been unemployed since April and that we were waiting on a check to come in October. He tried to get me to ask family member's for their credit cards to us. I refused. He told me that I could write him a check and post date it. I didn't see any harm in that, as long as they took the money out on the date i wrote on the check we were good. I could wait until then for the magazines to come. I did after all pick magazines that I was interested in. Anyway on September 8th I get a call from the bank. 2 checks went through which put my account in the negative. I went up to the bank to find out what charges I could press against the company only to find that by writing a post dated check, I was actually preforming an illegal act!!! WOW!! And it was this young salesman's idea for me to post date a check. The company is allowed to cash the check as soon as it is in their possession. So I wonder how many others this young man scammed. So out came the money and I thought "well, at least my magazines will start coming"... NOPE! No magazines still and it is almost November. You can't call the company. You can go to their website and send an e-mail. They have a convenient spot to type in your receipt number... Only to hit enter and find an error page over and over again. I also tried MTS Circulation LLC only to find the same problem. SCAMS! Don't feel sorry for the people that come to your doors selling these magazines. They are trained to manipulate you. I happen to have a big heart and I fall for things far to easy. Does that make it fair to take advantage of me? What a bunch of jerks! DON'T ORDER!!!

### Dynasty Technologies- 211 - False Advertising for \$55.00 on 05/17/2011

I had a teenage boy, very personable and friendly, who stated that he was doing a fundraiser and that his class was trying to get to go on a trip but needed assistance getting there. He told me that I could help him do that if I could subscribe to some books. He gave me options and made my selection.

Of course I have yet to receive the books and the check was cashed immediately after that day. I researched them and sent a message on their website but had no success. I then decided to see if there was a phone number where I could speak to a live person but again no luck, however I ran in to this website about scams from Dynasty Technologies 211. It looks like I have been scammed and I am not alone. Please help!

### Dynasty Technologies- 211 - False Advertising for \$55.00 on 08/17/2011

The young man came to my door and said he was in a race. He had to sell so many magazines to help him through college and you could also send magazines to soldiers overseas. ( Alarms were going off in my head ), but I felt bad for him but he was such a good talker , that I found my self writing a check. Afterwards, I checked the receipt and he wrote down the wrong date of purchase, 4-15-11. Then I went on the computer and found many complaints against this company.

### Dynasty Technologies- 211 - False Advertising for \$0.00 on 09/04/2011

A young kid came up to my porch claiming he was selling magazines to win a trip for school...I asked him what school he went to and he told me he was home schooled. He said he was going to win a trip to Italy, and that he had enlisted in the Air Force to become a linguist. I asked where he processed into the military (because that is what I do), and he gave me a puzzled look and said he processed ONLINE!! I knew that was a lie. I told him I was unable to pay the \$110 for the subscriptions, and he gave me a million ways I could pay...something didn't seem right so I asked him if he could come back the next morning. He said he wasn't allowed to...HUH?? I then went inside to make a phone call, after about 5 mins he was banging on my door calling my name while his friend was now on my porch also. He was yelling for his receipts...which I then just threw out the door. I came inside and looked up this Dynasty 211, and found it was a scam. Thankfully I did not give any money, but sorry for those who were conned under the guise that this was going to support our troops. I am utterly disgusted!!! DO NOT GIVE YOUR \$\$ TO THIS SCAM!!!
